Shopping lists make re-ordering easy!

Shopping lists allow you to create curated lists that can easily be added to your basket. You have the option to share shopping lists with your entire organization, accessible locations or keep them only visible to you!

You can create new shopping lists or add to existing lists in the following areas of the website:

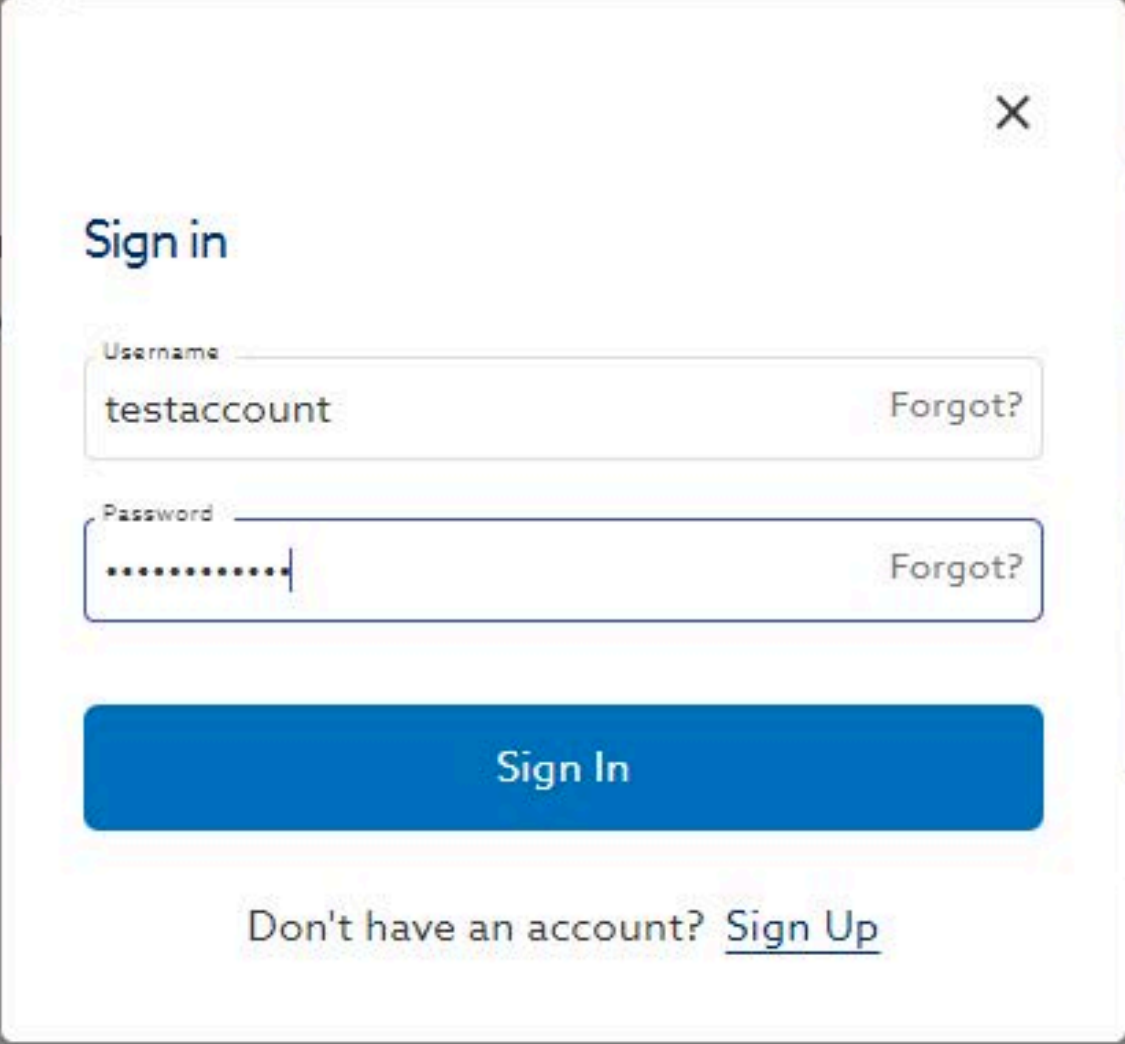

- **Account Dashboard**
- **Item History**
- **Basket**
- **Quick View**
- **Product Details Page**
